

#### 4. Search and select **Blocks of Grass** World.

### Learn: Book & Quill

**Learn:** The Book and Quill is a journal that provides students with an opportunity to record adventures and tell stories. The Book and Quill provides enough space for text to allow for deeper student reflection.

There are also some unique features in the Book & Quill.

1. Pictures can be added directly from the camera.
2. The content in the Book & Quill can be edited/revised until it is signed.

### Apply:

1. Press the E on keyboard to open the **Inventory**.
2. Find the Search tool.
3. Type in "**Book.**"

4. You will see a bookshelf, a book, and then a book with a quill. Make sure to select the one with the feather to select the appropriate Book and Quill.

5. Drop into the tool bar.
6. Press **E** again to **exit** the Inventory.
7. Once back in the game, make sure to select the Book and Quill from the hot bar. The right-side menu will have the word, **Write**.

8. Right click to **Write** in the Book. The Book will show up with **Page 1 of 2** and so on.

9. Click on the pencil at the bottom of the page to bring up more options.

10. Note: the menu below appears when there are no pictures in the portfolio.

11. When a picture is present (even just one) in the portfolio, a photo option appears:

12. Click on the **Document +** to add a new page to the book.

13. Click on the **Picture** to bring up the **Portfolio**, where a picture can be selected for the book page.

14. If necessary, use the trash to delete a page.

15. To move text from one page to another use the paper icon with the appropriate arrow.

16. When finished editing, click the **sign button** to reach the cover. Personalize the book by adding a title. Finally select **sign** and close to lock the book!  
Note: Once the sign button has been selected, the book text can no longer be edited. The completed book will appear as a purple book in your inventory.

17. The closed **Book** displays as a purple icon in the hotbar.

18. Click the book from inventory and it will open. Export the selected book by clicking **“Export.”**

19. When a book is exported, it will save as a .pdf file extension. The default name will be (Book Title) (Author Name). The .pdf file will save in your documents folder by default.

20. The Book & Quill will show up as a PDF file. The PDF file will contain the World Name. All the photos and text in the book will appear in the PDF file as displayed in the sample below.
