

How to Submit your Minecraft Work using a Google Form

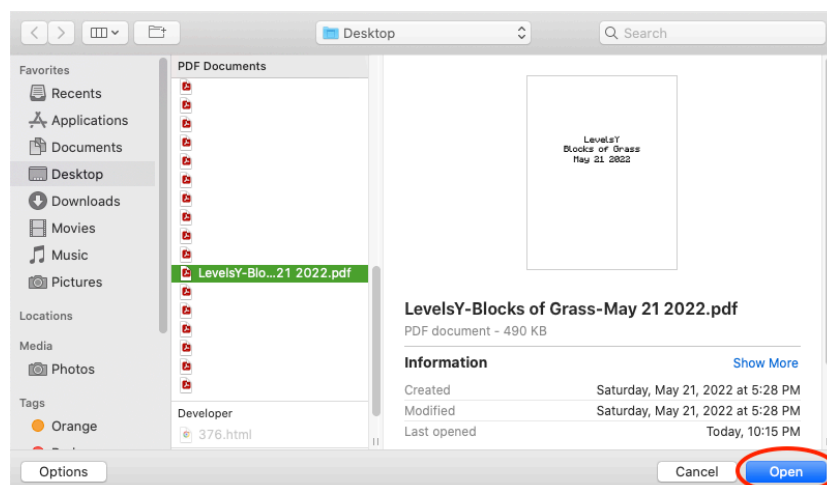

1. Click 'Add File' button in the Google Form.

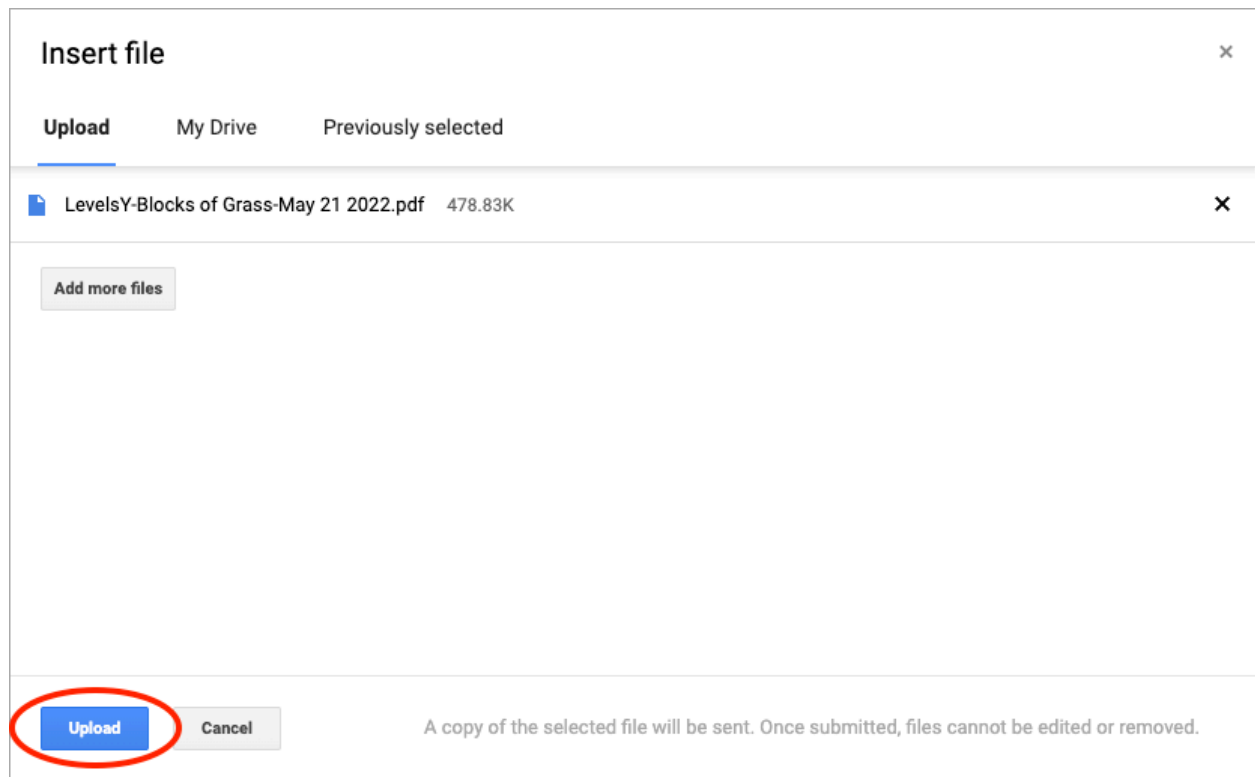

2. Click 'Select files from your device' on the screen.

3. Find and select the file. Click 'Open'.

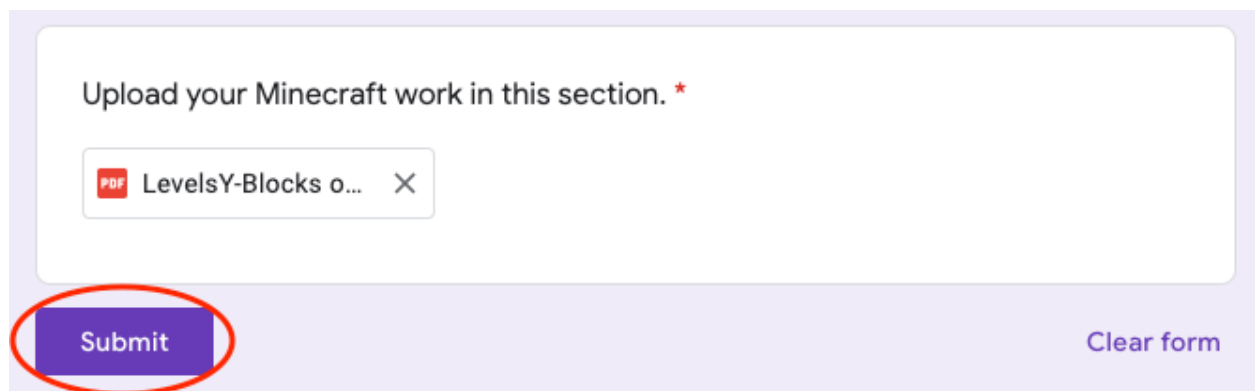

4. Click 'Upload'.

The screenshot shows a dialog box titled "Insert file" with a close button (X) in the top right corner. Below the title bar, there are three tabs: "Upload" (which is selected and underlined), "My Drive", and "Previously selected". A file named "LevelsY-Blocks of Grass-May 21 2022.pdf" with a size of "478.83K" is listed in the main area, with a close button (X) to its right. Below the file list is a button labeled "Add more files". At the bottom left, there are two buttons: "Upload" (highlighted with a red circle) and "Cancel". To the right of these buttons, a message states: "A copy of the selected file will be sent. Once submitted, files cannot be edited or removed."

5. Click 'Submit'.

The screenshot shows a form with a light purple background. At the top, it says "Upload your Minecraft work in this section. *". Below this is a file upload area containing a file named "LevelsY-Blocks o..." with a PDF icon and a close button (X). At the bottom left, there is a purple "Submit" button (highlighted with a red circle). At the bottom right, there is a link that says "Clear form".
